Section Detail

SECTION DETAIL Therma Style

Our Therma Elite window mullion has no joints, attractive detailing, and crisp corners. Glass is sealed with bonding tape around the perimeter of the window and on the back of the grid, providing superior weather protection and greater ease when field painting.

Panel Features

The Industry Leader in Innovative Door Elegance, Durability, and Efficiency

Tongue & Groove Section Joints **1**

Precisely designed thermally broken section joints reduce air infiltration and create weather tight seal.

Sandwich Construction **2**

3-layer steel front and back construction with insulating polyurethane core increases energy savings.

Panel Embossment **3**

Easy to clean woodgrain texture, galvanized and finish painted steel provide years of trouble-free performance and beauty.

Window Mullion **4**

Manufactured with no joints allows attractive detailing with crisp corners for outstanding appearance.

Aluminum Retainer **5**

Hörmann minimizes floor corrosion by utilizing an aluminum bottom seal retainer that never rusts and is more durable than brittle plastic retainers.

Bottom Weather Seal **6**

Keeps out wind, rain, debris and other elements for added energy savings.
